

FORM EIA-886

ANNUAL SURVEY of ALTERNATIVE FUELED VEHICLE SUPPLIERS & USERS 2001

This data collection is authorized under Section 503 of the Energy Policy Act of 1992. Response to this report is mandatory under Public Law 93-275. For the provisions concerning confidentiality and sanctions, see page 2 of the instructions included with the form. Respondents are not required to file a reply to any Federal collection of information unless it has a valid OMB control number. Public reporting burden for this collection of information is estimated to average 4.4 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data, and completing and reviewing the collection of information. Send comments regarding the reporting burden or any other aspect of this collection of information, including suggestions for reducing this burden, to the Energy Information Administration; Statistics and Methods Group; EI-70; 1000 Independence Ave., SW; Washington, DC, 20585 and to the Office of Information and Regulatory Affairs; Office of Management and Budget; Washington, DC 20503. Report forms can be submitted by mail, facsimile, email or electronically at <http://eiaweb.inel.gov>

SECTION 1: RESPONDENT INFORMATION

EIA ID:

Responding Organization Name	
Address	
Contact Information	(Include name, title, telephone number, fax number, and email address)

Who Must Submit: Any organization supplying and/or using any quantity of Alternative Fueled Vehicles (AFVs).

Purpose: Data from this form are used to satisfy public requests for information on AFVs and to provide Congress with a measure of the extent to which the objectives of the Energy Policy Act of 1992 are being met.

Attention State Agencies & Alternative Fuel Providers: The Form EIA-886 is different from the Office of Transportation Technology's State & Alternative Fuel Provider Program which tracks compliance with DOE's 10 CFR Part 490 using [Form DOE/OTT/101 Annual AFV Acquisition Report for State and Alternative Fuel Provider Fleets](#). Form EIA-886 collects full AFV-fleet data annually while the State & Alternative Fuel Provider Program requires only light-duty AFV acquisitions for the reporting year. While there remains some overlap in data reporting, the Energy Policy Act of 1992 requires that both be filed. If you have any questions, please contact Cynthia Sirk at (202) 287-1925 or email cynthia.sirk@eia.doe.gov

My organization is not reporting because:

- ☐ It is no longer functioning.
- ☐ It has been sold or merged with another organization. Please either provide forwarding information (name, address, telephone) or contact EIA so that forwarding data can be captured accurately.
- _____
- ☐ It does not meet the reporting criteria. Please provide EIA with your explanation.
- _____

SECTION 2: AFV USER DATA

☐ AFV User

Any organization* that operated AFVs during the calendar year 2001, regardless of fuel consumption.

*For the 2001 report year, EIA is surveying the following fleets: Federal government, state government, electric utilities, natural gas fuel providers, propane fuel providers, and transit agencies.

AFV Users go to page 2 θ

SECTION 3: AFV SUPPLIER DATA

☐ Vehicle Original Equipment Manufacturer (OEM)

An entity that markets and warrants a vehicle (onroad) for use in the U.S. This category includes organizations that perform vehicle conversions before the vehicle is initially delivered to an end user for use in the U.S.

☐ Aftermarket Vehicle Converter/Repowering Facility

An entity that converts, modifies, or repowers vehicles from one fuel or source of power to another. The conversion is performed after the vehicle's initial delivery to an end user.

AFV Suppliers go to page 3 θ

SECTION 2: TO BE COMPLETED BY AFV USERS

1 My organization is a:
(check all that apply)

- ☐ State Agency
- ☐ Electric Utility
- ☐ Natural Gas Fuel Provider
- ☐ Propane Fuel Provider
- ☐ Transit Agency

General Instructions:

For AFVs in use as of December 31, 2001, report the vehicle type, primary application, fuel type, engine configuration, and state-level location of each AFV in your fleet. Fuel consumption is requested at the state level. Include all AFVs, even those that are not consuming alternative fuels. If your fleet consists of AFVs operating in multiple states, file a separate table for each state. Use the codes provided with the form to complete the tables below.

Notes: When vehicle type, primary application, fuel type, and configuration are the same, group vehicles together rather than using one line per vehicle. For vehicles that operate across state lines, provide the vehicle's predominant location of operation. If filing more than 20 lines of data or filing for multiple states, EIA encourages you to either (1) make copies of this page, (2) submit an electronic version of your data in spreadsheet format using the columns and codes provided, or (3) contact EIA for information on reporting via an electronic filing system.

2 Enter the state in which your AFVs are located and typically operate ➡

3 Enter data for vehicles operated in the state indicated ↗

Vehicle Type	Primary Application	Alternative Fuel Type	Engine Configuration	Quantity
Notes:				

4 How much alternative transportation fuel was consumed by fuel type by the vehicles listed above?

Alternative Fuel Type	Amount	Unit of Measurement

5 Do you also convert vehicles to run on alternative fuel? If yes, proceed to page 3 and report the vehicles your organization converted during 2001.

[illegible]
